Senior Class . . .

The final step of four years progress is completed at last. How short these years seem now that they are over. We have gained many things from college life—maturity, judgment, self-confidence. Many of our goals have been attained, a few forgotten, and some changed.

College has been fun. Friendships which we formed here will make up a wonderful part of our lives. The days have been filled with activities, parties, laughter, tears and fellowship.

We come to graduation time with elation at having completed an important task, and yet we are filled with regret at leaving Lambuth, our home for four happy years.

Junior Class . . .

The third step of our college career is completed. It's hard to believe that in one more short year we will be stepping out of Lambuth as graduates. We appreciate more fully than ever before what we are gaining from college and have already determined to increase these gains to the fullest during our last year.

We have added many memories to our scrapbooks. New friends have come to replace those graduated and for the first time we really feel like upperclassmen.

Sophomore Class . . .

For the first time we have felt the thrill of being termed "Upperclassmen." We know more about college life now although the four years still seem endless. Classes are harder, but some of that Freshman confusion has cleared and we have developed a sense of direction.

We have made important decisions and gained confidence in ourselves. We have had fun . . . even more than last year . . . and have joined in all the extra-curricular activities with added enthusiasm. We realize now how much we have gained and how much more we have to look forward to in the next two years.

Freshman Class . . .

We have come to the end of our year as Green Freshmen and have grown up in the process. Gone for good is the confusion and lost feeling at facing such college traditions as entrance exams, registration, initiation, Kangaroo Court, Rush Week and examinations. We now feel that we belong to the family of Lambuth. Looking back, this year seems short yet we have come a long way.

We realize with sadness that our days as Freshmen are over and that no other year will be quite the same, yet we look forward to our status as upper-classmen in the coming year and can hardly wait to feel superior when a new group of lowly Freshmen invade the campus.

Chapel-Fine Arts Building Dedication Planned April 29 and 30

On April 29 and 30 Lambuth College will hold a convocation that will be an occasion to celebrate the completion of the first phase of our current development program and also to dedicate a new chapel-fine arts building. A very meaningful program has been planned for all who participate.

Outstanding events of the convocation will be discussions on the afternoon of April 29, with nationally recognized representatives of industry, education, and religion, as speakers. The feature of the evening program will be an address by Dr. D. Elton Trueblood, of Earlham College. The dedication address on Tuesday morning, April 30, will be by Bishop William T. Watkins, of Louisville, Kentucky.

Official representatives of institution and learned societies, and special guests will compose the academic procession on Tuesday morning.

We know that you will want to remember these dates in your calendar—April 29 and 30.

In three years between 1953 and 1956, schools in the United States had to enroll an extra million students of kindergarten age each season.

Lambuth To Observe Tennessee Home Ec Week

March three has been designated as Home Economics Week in Tennessee by Governor Frank Clement. During this week, Lambuth plans to devote special emphasis to create further interest in Home Economics. Some activities planned for this period will be a tea and fashion show for high school seniors from the surrounding territory interested in furthered Home Economics at a college level.

A chapel program will be presented by the Home Economics Department to acquaint Lambuth College people with some of the activities taking place in this field.

Tentative plans are being made for a television program during Home Economics Week. Lambuth is planning this program in order that the general public may know something of the possibilities Home Economics has for a young girl looking for a career that is not only profitable but very interesting and helpful.

More specific information and dates for these activities will be given later.

Speed of clocks is based on the turning of the earth which varies less than 30/100th of a second in a century.

Dr. Tilson Will Lead Religious Emphasis

Committees have long been at work planning Lambuth's Religious Emphasis Week, which begins February 11, and continues through February 15. The SCA is very fortunate to have secured as the speaker, Dr. Charles Everett Tilson, Associate Professor of Biblical Theology, Vanderbilt University Divinity School.

Dr. Tilson received his education from various institutions. He attended Marion College and then King College where he received his A. B. Following this, he studied at Vanderbilt where he received his B. D. and Ph. D. He also had courses at Garrett Biblical Institute and Hebrew Union of Cincinnati. Then he finished his studies with a year at Yale University Divinity School.

He has held positions in the ministry as the pastor of the Presbyterian Church of Madison Tennessee and of Belle Meade Methodist Church of Nashville. He began his career at Vanderbilt as instructor in Old Testament. There he became assistant professor of Biblical Theology.

Dr. Tilson has had similar experience as a platform speaker at the National Methodist Student Movement, Kentucky State Methodist Student Movement, and Great

February 25-26 Set For Our Town

That small town folk are the backbone of America is the philosophy of Thornton Wilder's Pulitzer Prize play called "Our Town," which the Lambuth Theater will present in the Chapel-Fine Art Building, February 25 and 26, 1957. Set in the small New Hampshire village of Grover's Corners, "Our Town" evokes a picture of small town life at the turn of the century, when pleasures were simpler and life was generally less turbulent.

In 1901, before movies and the radio had arrived on the entertainment scene, there was excitement in having an ice cream soda at the corner drug store. In one of the quietly charming scenes in "Our Town," a high school boy and girl first discover that they are in love over a soda shared one afternoon after classes.

Ford cars were just appearing on the streets of Grover's Corners at the turn of the century—and some of the residents could still remember when a dog could snooze in the middle of a street all afternoon unmolested.

In this chronicle of a small New England community, the audience looks in on choir practice at the Congregational Church, listens to the women gossiping about the tiptling choirmaster as they return to their homes, sits in at breakfast in the kitchens of two

ALPHA XI DELTA BECOMES FIRST NATIONAL SOCIAL FRATERNITY ON LAMBUTH'S CAMPUS

This year the Faculty and Board of Trustees of Lambuth College opened the way for national fraternities to come to the campus. The first local group to pledge a national is Beta Sigma Alpha, which was established at Lambuth in 1928. The fraternity which we chose is Alpha Xi Delta, founded at Lombard College, now Knox College, Galesburg, Illinois, on April 17, 1893. Beta Sigma Alpha now becomes Gamma Iota colony of Alpha Xi Delta.

Beta Sigma Alpha members who pledged are: Bobbie Pratt, President; Sally Crump, Vice-President; Martha White, Recording Secretary; Joan Johnston, Corresponding Secretary; Nancy Reed, Treasurer; Betty Myatt, Chaplain; Jo Anne Taylor, Marshall; Barbara Pace, Pledge Trainer; Myra Burns, Martha Blankenship, Jackie Morris and Mildred Clarke, Rush Chairmen; Scholarship Chairman, Phyllis DeShazo; Parliamentarian, Dean Spain; Historian, Barbara Wilson; Social Chairman, Anne Truett; Scrapbook Chairman, Pat Fielding; Journal Correspondent, Gale Boling; and Song Leader, Anne Butler.

Serving the Gamma Iota chapter as sponsor is Mrs. Eugene Cobb, professor of Home Economics, and as mother, Miss Marjorie Lasley, secretary to the deans.

Those not pictured are: Martha Blankenship, Savannah, Tennessee; Mildred Clarke, Jackson, Tennessee, and Jackie Morris, Rutherford, Tennessee.

Basketball Team

The 1956-57 basketball season brought many a pleasant surprise to Lambuth fans. The Eagles compiled a fine 13-9 record despite having the most inexperienced team in years. After winning only four of their first ten starts, the Eagles began to click and swept nine of their last twelve games. Highlights of the season were a pair of victories over both Bethel College and Christian Brothers College, two participants in the National Association of Intercollegiate Athletics Tournament at Clarksville, Tennessee.

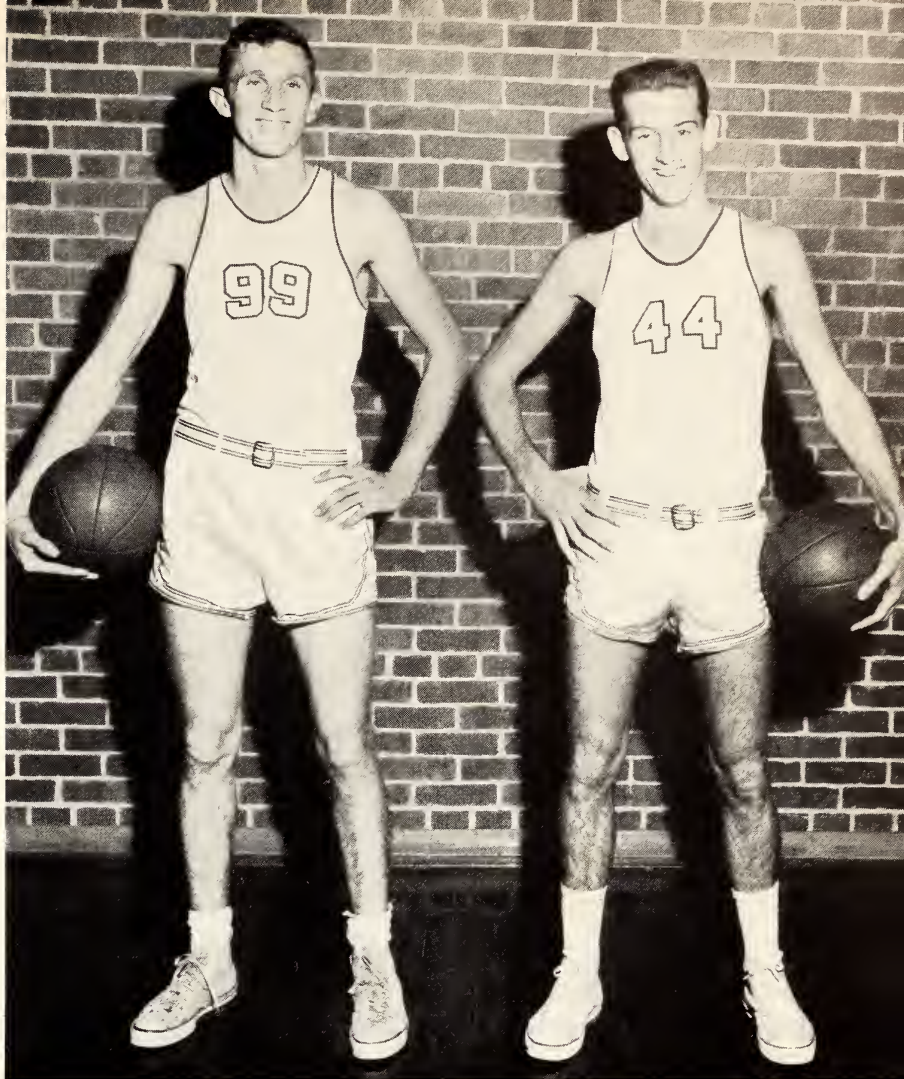

The great rebounding of Gene Goad and Sammie Smith, the outstanding all around play of Tommy Welch and Bob Freeman, and the work of Jerry Atkins, Bill Henry, and Jim Freeman contributed to a very successful year. The team scored 1605 points in the 22 outings for an offensive average of 72.96 while giving up an average of only 67 points per contest.
